

Instructions

1. Print pages 1-4. If you are preparing the hunt for more than one player, each player will need a red truck printout and hearts 1-6. Page 5 includes extra hearts if needed.
2. Cut out all five clues and message card. You only need one set of clues.
3. Cut out all six hearts. Paper clip each heart to its corresponding clue. For example, heart #1 goes with clue #1. Heart #6 won't have a clue but you can write a message on the blank card and hide it with that. *If you are preparing this hunt for many players I recommend attaching the clues to envelopes and placing your hearts inside.
4. Hide all clues and hearts in hiding places listed. 
5. Give player(s) the farm truck, which has the first clue, to begin the hunt.
6. As players find each clue and heart, have them glue or tape the heart into the back of the farm truck. Stack them in a pyramid to make them all fit.
7. You can hide a surprise at the end of the hunt with heart #6 or use the blank card to write a message like "Happy Valentine's Day" or "I love you."

Hiding Places

Hide each heart and clue in the following location:

#1: Near something red

#2: Near a piece of art

#3: Under something blue

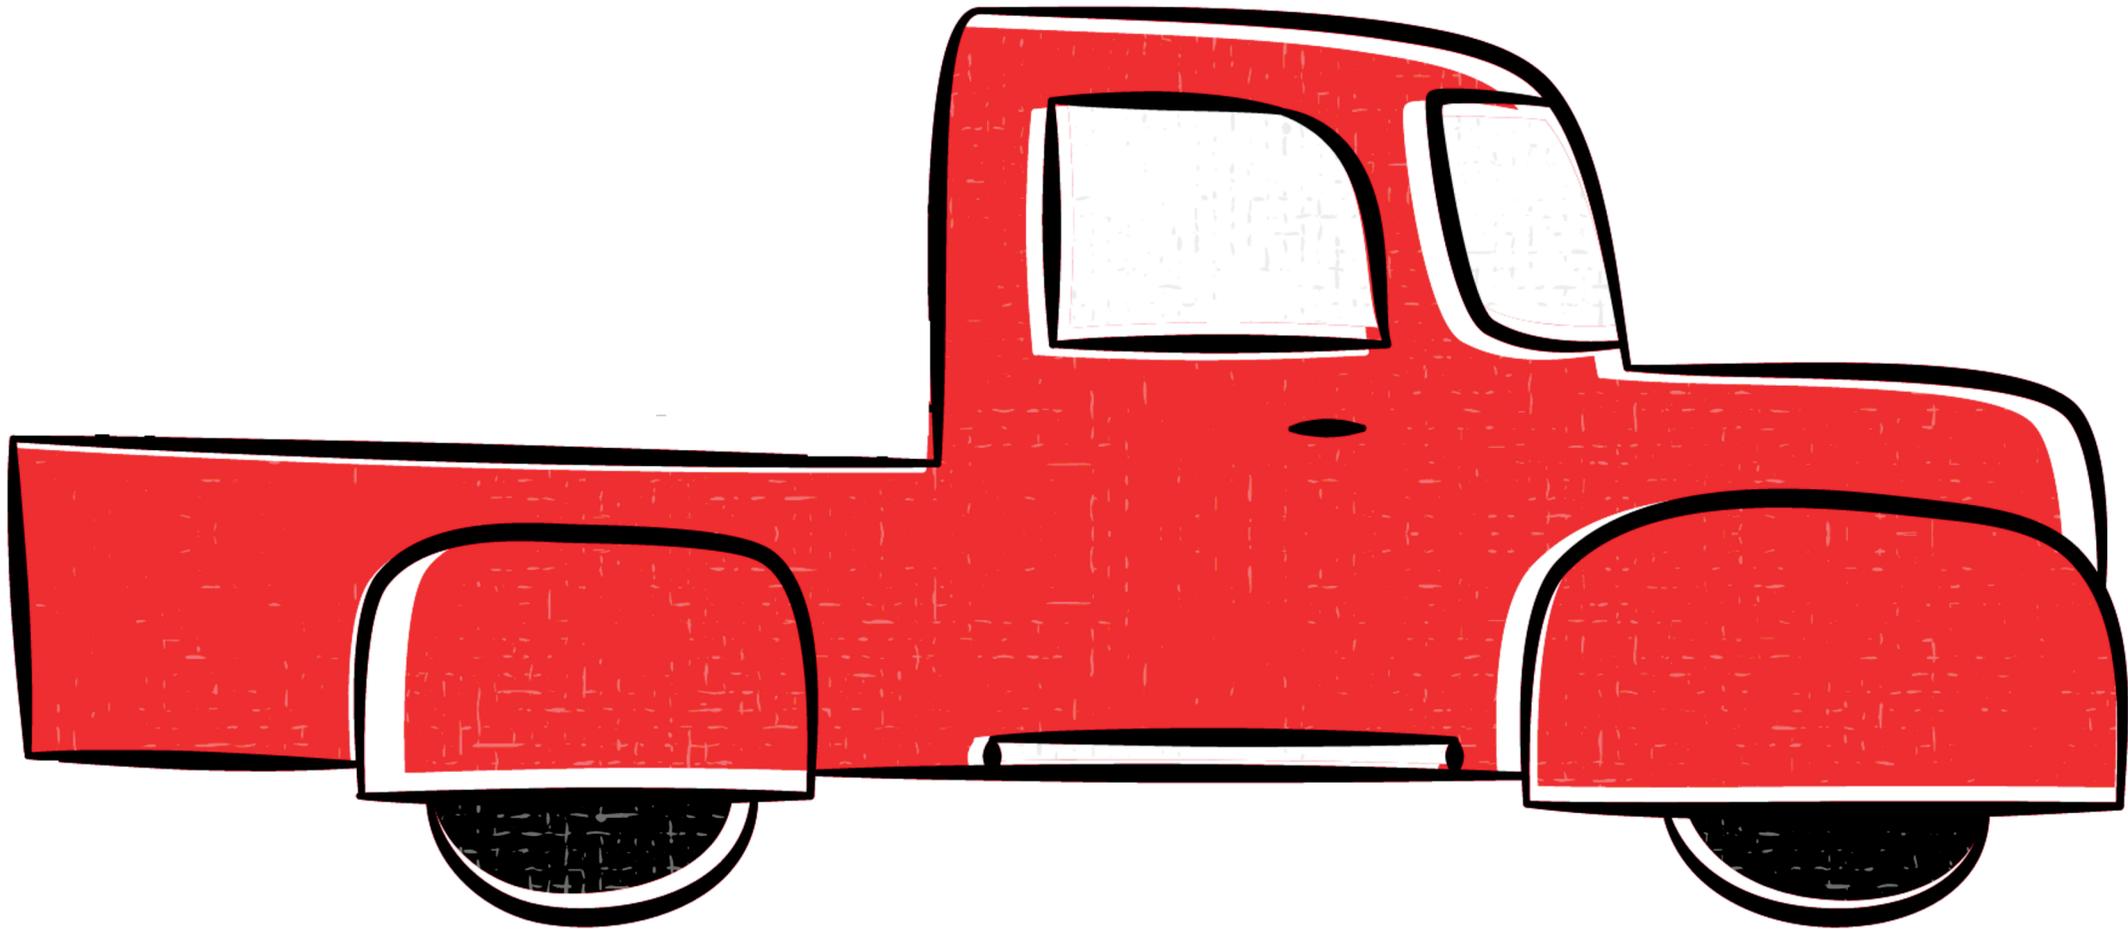

#4: On or near a mirror

#5: On top of something gray

Message card: Near something round

The red farm truck was stacked high with valentine hearts, but a big gust of wind blew the stack of hearts apart! Can you find all six hearts and pile them back in the truck bed?

The first heart landed near something red.

You've found the first heart. You're so smart! Look for the next near a piece of art.

Here is heart number two. Now search under something blue.

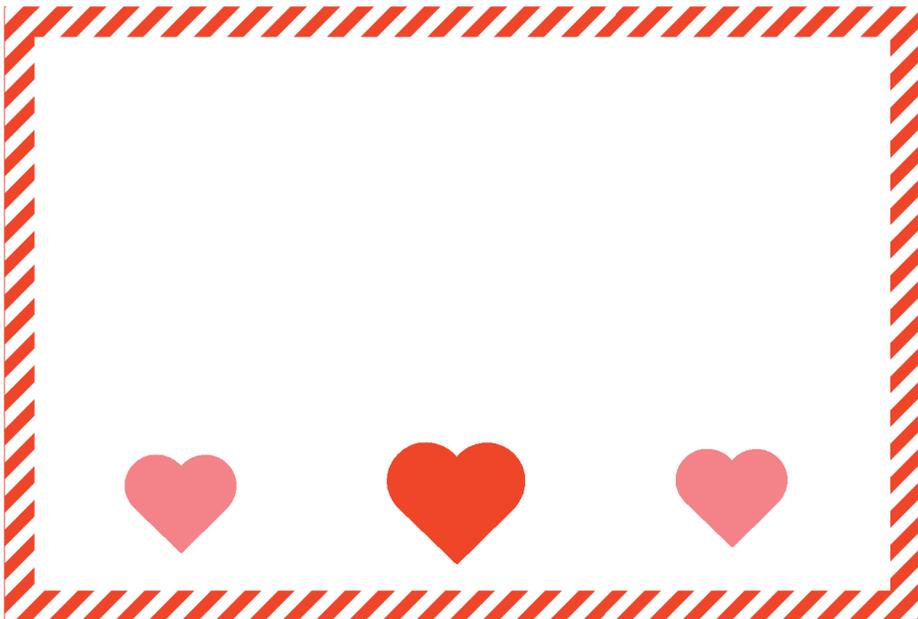

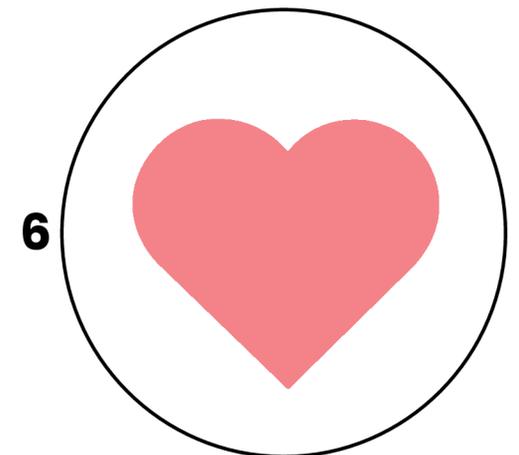

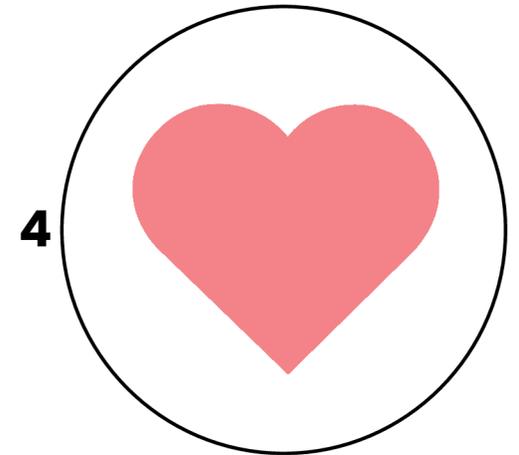

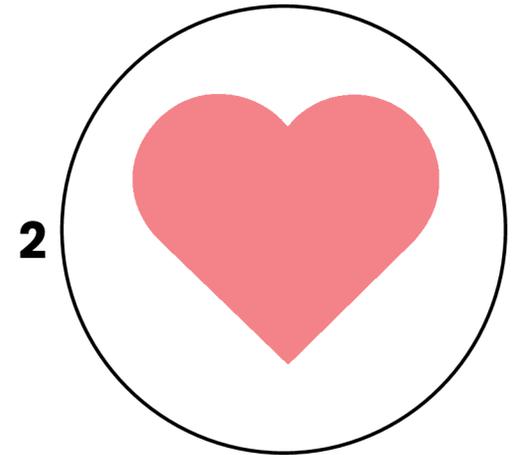

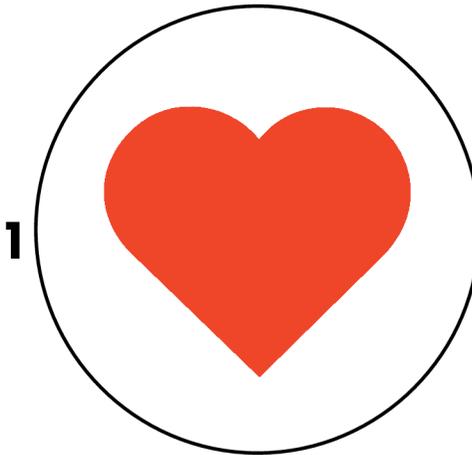

Here's another heart for the pile. Next find a place you can see your own smile.

You've found another heart, hooray! Now check on top of something gray.

**Just one more heart to
be found! Look near
something that is
round.**

Extra hearts
