

# Hearts & Farts

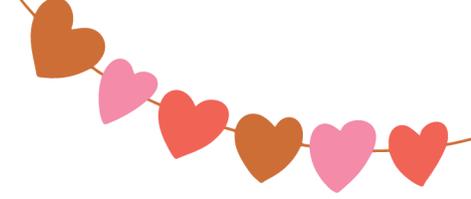

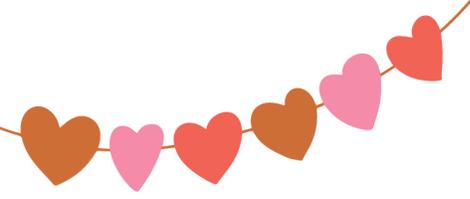

## Tic-Tac-Toe Instructions

Print the tic-tac-toe board and hearts and farts playing chips.

Cut out the playing chips. You should have ten heart chips and ten fart chips.

This is a two-player game. Have one player play the heart chips and the other player play the fart chips.

Players will take turns playing their chips on the board. The first player to get three of their chips in a horizontal, vertical, or diagonal row wins. If all chips are played and no one has gotten three in a row the game is a tie and players can play again with the opposite player going first.

# Hearts & Farts

## Tic-Tac-Toe

Some say love rules. Others say love stinks. Choose hearts or farts and battle it out on the tic-tac-toe board. Will hearts conquer all or will farts squeak out a win?
