

Monster Mash Tic-Tac-Toe

Instructions

Print the tic-tac-toe board and eight pages of monster playing chips.

Cut out the monster playing chips. You should have ten chips for each monster.

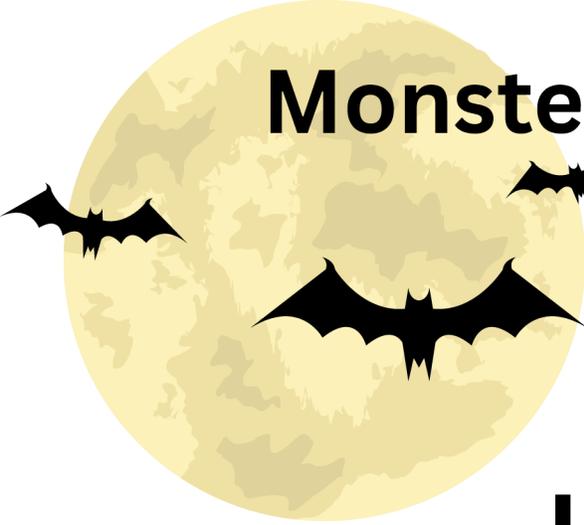

This is a two-player game. Have players each choose a monster. Players will take turns playing their monster chips on the board. The first player to get three of their monsters in a horizontal, vertical, or diagonal row wins. If all monster chips are played and no one has gotten three in a row the game is a tie and players can go again with the opposite player going first.

Ideas for Play

Hold a tournament to see which monster is the ultimate winner. Print more boards for more players.

Have players make the sound of their monster each time they play. For example, werewolves can howl and ghosts say boo!

Monster Mash Tic-Tac-Toe

It's a battle of the monsters in the graveyard tonight. Choose your monster and start the tic-tac-toe fight.
